PICTURE OF JUDGE ELLISON TO COURT

LIKENESS OF JUDGE PRESENTED TO COURT THIS MORNING

TO BE HUNG ON THE WALL

Judge Ellison Warmly Thanked the Bar For Compliment—Blagg Speaks Of Condition of Court Room

A picture of Judge W. C. Ellison, who was circuit judge of this judicial circuit from 1903 to 1917, was presented by the Nodaway County bar to be suspended on the walls of the Circuit Court room here at the convening of court this morning.

The picture was presented by Charles F. McCaffrey on behalf of the bar. Mr. McCaffrey said it had been the custom of the bar for a great number of years to have likenesses of circuit judges who have presided over this court hung on the wall of the court room. In accordance with this custom, Mr. McCaffrey said it was thought proper to have the picture of Judge Ellison on the wall. Mr. McCaffrey also paid a high compliment to the distinguished services rendered by Judge Ellison while on the bench.

On behalf of the court, Judge John M. Dawson expressed pleasure of having the picture of Judge Ellison presented to the court to be hung on the wall along with the pictures of other jurists who have served as circuit judges. Judge Dawson said an effort had been made to get Judge Ellison's picture several years ago.

Judge Ellison who was present thanked the bar for the compliment and also referred to the fact that he didn't know he was so good looking as the picture represented him to be.

W. A. Blagg spoke of the disgraceful condition of the courthouse and the court room and if such a building reflects the civic pride of the peoples of Nodaway County, he was at loss to understand it. He spoke of no roof practically, over the courthouse, of the holes in the ceiling, of the walls, the papering, and other things. He said the people of such a county as rich and with so much civic pride should see that these conditions are made better in the courthouse.

Judge E. T. Bailey, presiding judge of the county court, who was present in the court this morning, said the county had no money for these repairs and spoke of the heavy drain on the funds. If the people would furnish the money for these repairs, Judge Bailey stated they would put the courthouse in good condition.

The circuit judges who have presided over the Nodaway Circuit court are:

Soloman L. Leonard, 1845.
William S. Almond, 1846.
Elijah H. Norton, 1856.
Silas Woodson, 1864.
William Herren, 1864.
I. C. Parker, 1869.
Bennett Pike, 1871.
Henry S. Kelley, 1874 to 1886.
C. A. Anthony, 1886 to 1898.
Gallatin Craig, 1898 to 1903.
W. C. Ellison, 1903 to 1917.
John M. Dawson, 1917.

Pictures of the above circuit judges are hung in the circuit court room with the exception of Judge Dawson. Other picture there are Judge W. W. Ramsay, who was a member of the Kansas City Court of Appeals, and Judge Lafe Dawson, father of the present judge.

Explains Process in Manufacture of Ice

The process involved in the manufacture of artificial ice was explained to the general science class of the High School this morning. Mrs. Verne Manley, instructor, and the members of the class made a visit to the Everhart Ice Plant this morning. Mr. Everhart told the class that the ice was made from condensed steam used by the engine in the local plant. It is frozen in brine which is coiled by evaporating ammonia.

Earl Barmann and Arnold & Sillers have been appointed as a permanent committee to list car owners in Maryville who are willing to furnish cars and drivers once a month in order that the Chamber of Commerce may give these community programs in various sections of Nodaway County. It is the purpose of the local Chamber of Commerce to serve the entire county and these community programs are an essential part of the work of this organization.

Carl Wray of the Bank of Guilford was chairman of the meeting last night.

In addition to those already named, F. R. Marcell, George Allen and Wil Hansen were present at the meeting last night.

The student body will have organized yelling under the leadership of Ernest Ellis, Mabel Raines and Vern Peoples.

Poteet Concert Program Offers Great Variety

11-Year-Old Violinist To Appear In Recital Here At Baptist Church Friday Night

The program of the recital of Ewing Poteet, the 11-year-old violinist of St. Joseph who will appear here Friday night, has been completed. Young Poteet is well and favorably known to musical lovers as he has been here before.

Regarding young Poteet, the St. Joseph News-Press recently had the following article:

"Ewing Poteet, the boy violinist, played in a 'discovery contest' yesterday at the Newman Theater in Kansas City. For some time, this theater has had 'discovery contests' in which 748 singers, dancers and musicians have performed. Of these, thirty-eight were selected to give 'discovery concerts.' Yesterday was the fourth of these. Poteet's number was Ziegemnerweisen (Sarasate) and he was called back several times."

The program Friday night is given under the auspices of the Women's Society of the Presbyterian Church but will be given in the auditorium of the Baptist Church as a large number are expected to attend the recital. Tickets are now on sale at Hotchkin's store. Poteet will be accompanied by John B. Elliot, also of St. Joseph.

The program is as follows:

Sonata in F, Allegro, (Beethoven).

28th Etude (Florillo).

A phonograph record of young Poteet playing the Ziegemnerweisen (Gypsy airs) by Sarasate, has been made by a company in Richmond, Ind. This piece is the one he played when he won first prize at the musical contest held in Maryville this spring, and it will be the last number of the program tomorrow night.

John Dowden to Be a Candidate for Sheriff

Former Sheriff Will Be a Candidate—Talk Of W. R. Tilson As a Candidate

(Hopkins Journal)

John Dowden of the Myrtle Tree neighborhood, was in Hopkins Wednesday and while paying a friendly call at the Journal office, announced that he would be a candidate at the approaching primaries for the nomination for sheriff of Nodaway county, subject to the decision of the Republican voters. It is also hinted that Billy Tilson may be a candidate for the nomination for the same office. Both have held the office of sheriff each proving himself to be a good guardian of the law, and both are real campaigners, so if the "dope" that Mr. Tilson's hat is to be in the ring, along with that of Mr. Dowden, it will be one of the prettiest races ever pulled off in Nodaway or any other county.

MASONS IN TRIBUTE TO GREAT LEADER

LAY CORNERSTONE OF GEORGE WASHINGTON MONUMENT

20,000 ARE PRESENT

Huge Temple Will Cost Four Million Dollars—Government Officials Are Attending

Alexandria, Va., Nov. 1—Twenty thousand Free Masons, gathered from every grand lodge in the United States here today to lay the cornerstone of a great memorial temple to the memory of George Washington, America's foremost Mason.

President Coolidge, members of his cabinet, and high government officials as well as several score of distinguished guests were in attendance to witness this outstanding event in the history of American Free Masonry.

The occasion marked what is probably the greatest gathering of Masons since the inception of that fraternity. Every Grand Master in the country, or his representative, participated.

As a tribute to Washington as the greatest continental leader, the army navy and marine corps were represented.

The same trowel used by Washington in laying the cornerstone of the United States capitol, spread the cement over the initial stone in the newest memorial to the First American.

The great monument, to be known as the George Washington Masonic Memorial, is to be built on the heights overlooking the Potomac River. The site of the temple was once the property of Washington and but for his objection would have been the site of the United States capitol. The temple will cost approximately four million dollars.

Ciphering Matches at H. S. Mathematics Club

Criticism is often made today that the modern boys and girls going to school are slower in calculation of figures than those of a generation ago. The Mathematics Club of the High School recently met with the instructor, Mrs. Ray O'Grady, at which meeting the members of the club contested in a ciphering match to give practice to the mathematic students in rapid calculations. These matches had been held at the last three meetings of the club.

Mr. and Mrs. James Messbarger and daughter of Burlington Junction were in Maryville today.

Williams Case to Jury Late Today

Indications this afternoon were that the case of the State Highway Commission against S. H. Williams, condemnation, would go to the jury late this evening. The commissioners refused to allow Williams damages for the right-of-way saying in their report that the benefits of the state road counterbalanced any damage done to his property. Williams claims damages.

Photographs of the new road near the Williams farm were introduced in evidence this morning.

The case of James Sheridan vs. Leo B. Knox for damages is scheduled for trial tomorrow.

Wolves and Foxes in Evidence Near Hopkins

(Hopkins Journal)

It seems several in the vicinity of Hopkins are being annoyed with wolves as well as with the festive fox. Geo. Ulmer Jr. having a den of fox on his farm that have killed many little pigs and so far have escaped capture although George has laid in wait for them hours at a time, the den being on the banks of the 102 river. Wolves have also been seen on the Nicholson, Coleman and Moorhead farms just south of town, and we see they are quite plentiful in other parts of the county. Unless something is done, bold Reynard is going to se that his family is increased which means the loss of more pigs and chickens and in some instances we hear of young calves falling at the hands of the hungry prowlers. It is about time for a grand round up by the owners of wolf hounds.

Klan Receivership Suit Will Remain in Court

Atlanta, Ga., Nov. 1—Judge J. D. Humphries, this afternoon, refused to grant either a receivership or an injunction against the Ku Klux Klan, as a result of the suit filed by David M. Rittenhouse of Philadelphia and other Klansmen.

"Evidence presented in the hearing does not justify such a decision," Judge Humphries ruled. "It has been clearly brought out that this is not a suit in which the state is concerned but an internal wrangle in the organization itself."

Atlanta, Ga., Nov. 1.—Efforts of the defense attorneys to throw the David Rittenhouse Ku Klux Klan receivership case out of court today on the ground that a copy of the complaint was not served officially upon the organization, failed when Judge John Humphries over ruled a demurrer filed by them.

Mellon Is Expected to Reply to Gov. Pinchot

Pennsylvania Executive's Accusations That Secretary Is Violating Prohibition Law Be Answered.

Washington, Nov. 1—The latest attack of Governor Pinchot of Pennsylvania on Andrew Mellon, secretary, for renewing permits to breweries and distilleries involving an alleged prohibition law violation, was again up for discussion by the Secretary and his advisors at the treasury department today.

Mellon is expected to answer the governor with a curt response designed the controversy. The failure of Mellon to reply immediately led to the speculation whether he would ignore the governor's communication entirely, but it is understood the Secretary will, at least, send an acknowledgement and make his answer public.

M. H. S. IS READY TO MEET LAFAYETTE

CURFMAN, DOW, HILSABECK AND MILLER OUT OF LINE-UP.

H. S. HOMECOMING DAY

Ebert's Proteges Eager for the Battle—Both Teams are Confident of Victory, Odds Favor Maryville.

The Maryville High School football team will meet the eleven of the Lafayette High School of St. Joseph on the College gridiron at 2 o'clock Saturday afternoon.

Displaying a scoring punch seldom witnessed on the College gridiron, the local pigskin artists romped over King City last Friday to the tune of 52 to 0. This top-heavy score shows that the Spoofhounds are "on their way" and can hold their own against any high school in this section of the state.

Coach Ebert has been drilling his proteges in real football tactics this week in order to get them ready for Saturday's tangle with Lafayette. This promises to be a real football game and Ebert has developed a machine that can be expected to put up a good fight.

Hilsabeck, Curfman, Dow and Miller will be out of the line-up this week. Miller has failed to recover sufficiently from injuries received in the Tarkio game, Hilsabeck is out with a torn ligament in his hand, and Dow and Curfman are sick.

With the exception of these four men all the rest of the squad is in excellent condition and, barring injuries in scrimmage tonight, should go into the fray Saturday with an even chance.

George Aley will be back in the game this week. He was injured in the Tarkio game.

The officials for the game Saturday are: Referee, Shawver, Drake; umpire, Eck, Northwestern; head linesman, "Rip" Deatherage, member of the famous "Bill" Roper Missouri Tiger team of 1909.

About 200 season tickets have been sold so far.

The game will be "Homecoming Day" for all ex-grads of the Maryville High School.

Lafayette High School under coaching of Murphy are coming to Maryville expecting to return victorious but with the kind of football the Spoofhounds have displayed in the two games the dope is in favor of a win for the local high school.

Hallowe'en Passes Off Quietly in Maryville

Halloween is again past. Among all the pranks and various stunts performed by the small boys, and perhaps by some of the larger ones, there was no serious damage done to property in the city last night according to Harve England, chief of police.

Broken and smashed pumpkins were found strewn on the sidewalks and pavements; soap smeared on the windows of the business houses, loose lumber, gates and odd furniture that was left outside were carried from one place to another and of course knick-knackers were much in evidence.

It is understood that an old Indian statue used for a cigar advertisement was found in a rubbish pile in an alley and placed on the same spot in the College building where the life-sized statue of Hebe recently stood.

Three extra watchmen were on duty to quell any riotious disturbances last night but there was none reported. Altogether Hallowe'en this year passed off quietly.

WALTON LOSES HIS FIRST FIGHT TODAY

OKLAHOMA SENATE REFUSES CHALLENGE OF MEMBERSHIP

BODY RULED BY KLAN?

Governor's Attorneys Say Majority Of Members Belong To Hooded Fraternity—Defends Martial Law

Oklahoma City, Nov. 1—The Oklahoma Senate voted this afternoon not to permit Governor J. C. Walton, facing impeachment charges, to file charges against members of the Senate challenging their right to sit in the case.

This move on the part of the Senate prevented the defence from demanding a declaration from Senators as to their connection with the Ku Klux Klan. Two members of the Senate voted to permit the challenge, thus opening up the way for allegations that a number of the impeachment court are members of the Klan.

In a motion to quash the articles of impeachment, Governor Walton's attorneys declared that the indictments were illegal, and that the Oklahoma Legislature was composed of from 65 to 70 per cent Ku Klux Klan members.

Walton declared that there are 100,000 members of the Klan in Oklahoma. This invisible empire was seeking to obtain control of the state government, according to the motion.

A long list of outrages, including arson, pergury, murder and floggings were laid at the door of the Klan in Oklahoma. With local officers failing to prevent such crimes, Governor Walton said he declared martial law.

He charged that the Klan entered into a conspiracy to bring about his removal from office as a result of his attack on the Klan. Sixty-seven members of the Legislature, alleged by Walton to be members of the Klan, carried out this conspiracy, the motion said.

Letters between legislators were quoted to bear out this contention.

Oklahoma City, Okla., Nov. 1—Governor J. C. Walton of Oklahoma, facing impeachment charges of graft, bribery and corruption, as well as unlawful declaration of martial law, lost his first round in his fight this morning in the Senate court.

The Senate voted unanimously to deny his plea that additional time be granted before the plea is entered. Governor Walton must plea to the impeachment indictments at 1:30 o'clock this afternoon, the court ruled.

The Walton forces are expected to seek a delay until at least Monday. Senators indicated that the attempt of the defence to throw the indictments out of court would be voted down. Demurers to the important provisions of the impeachments will also be over-ruled in all probability.

Some speculation was aroused over the statement of the defence that an effort would be made to have excluded some of the members of the court.

Governor Walton was silent during the preliminary parley. He smiled at friends upon entering the court and did not seem to be worried.

Oklahoma City, Nov. 1—Prosecution and defence in the impeachment proceedings against Governor J. C. Walton prepared to lay their cards face up this morning, when the State Senate convened to decide whether or not the suspended Governor should be removed from office.

Preliminary to the Walton hearing, a committee was appointed to probe an article published in the Muskogee Times which charged that two Senators were offered bribes of $10,000 for their vote in the Walton case.

The Senate adjourned at 9:45 o'clock this morning, preparing to resolve itself into a court of impeachment, over which Judge J. T. Johnson of the Oklahoma Supreme Court was to preside. The court reconvened at 10 o'clock this morning.

Oklahoma City, Nov. 1—Governor Walton issued a bitter statement today just before he went before the impeachment court.

It was directed at the Ku Klux Klan. He assailed Imperial Wizard Evans and denied that he was a member of the Klan. Governor Walton said that

LARGEST CIRCULATION IN NODAWAY COUNTY

MR. COOLIDGE'S TEST.

Our irreconcilables are still irreconcilable. They have not learned anything. The wretched post-war history of Europe is for them an unwritten book. Accordingly, we have Senator McCormick's tirade aginst the Hughes reparations proposal as the first gun in the war that is to be waged.

The McCormick statement is somewhat incoherent. His ranting about "the lotus eaters of the State Department" is described as "cryptic" in the correspondence from Washington. Unintelligible would be a better word. And his rage at the selection of Morgan as American representative in the body to be created under the Hughes-Curzon agreement is a premature, if not a pretended, fury. The body itself is still in embryo, with no positive assurance that it will be born. And while Morgan has been mentioned in newspaper surmise in connection with the post the administration has not indicated whom it will select. But our irreconcilables do not have to wait for real grievances. They can conjure up imaginary grievances that will serve just as well.

The declaration of war delivered by McCormick as spokesman can hardly be a surprise to the administration. Secretary Hughes could have had no illusions as to what to expect by his recreancy to isolation. Nor could President Coolidge, either. Whether they have the stamina to fight it out remains to be seen. Is the silent Yankee in the White House a Puritan or just a politician?

The political problem that besets the United States also bedevils Europe. There as here the alignment, broadly speaking, is the same. There as here the issue is between the forces of construction and intransigeance. Poincare is a blood-brother, politically, to our irreconcilables. Justice, generosity, humanitarianism are not found in his lexicon. He refuses to look beyond the frontiers of his own country's selfish interest. Like the members of the bloc for which Senator McCormick speaks, Poincare is every inch an isolationist. One result of that policy was emotionally hinted at by McCormick "in the dead and dying children of Central Europe." Our own isolationists are blindly mistaken if they fancy they have had no hand in that ghastly memorial.

The constructive statesmanship of the world cannot continue indefinitely to surrender to the forces of destruction. The Baldwin Government, or some other British Government, must soon decide to undertake the rescue of Europe, with or without Poincare, with or without France. So, in the United States, a similar choice must be made.

The time to make it is now. We know that Europe is headed for a catastrophe that will shake the world. This is the testimony of our own public men who have gone to Europe and learned the truth. If isolation, French or American, is permitted to work its ruthless will to the end, the end will be appalling.

The destructionist has been in the saddle since 1914. He must be unhorsed. Mr. Coolidge's test is here.—St Louis Post-Dispatch.

TIRELESS ENEMIES OF THE HOME

No great stretch of fancy is necessary to see arrayed, in the countryside, in the villages, in the cities—everywhere throughout the length and breadth of America—the homes which are the very foundation and support of freedom, democracy, civic decency, and civilization itself, in unformed but determined opposition to those destructive influences which [illegible] perhaps as never before, threaten them. Looking backward a half-century or less it seems that the home of that period was better equipped, morally and intellectually, for its own defense than is the home of today. Perhaps the contrast is greater because of the apparently larger influence for evil which is arrayed against the home now.

To those who dwell in the cities it may seem that the home, as an institution, has lost much of its adhesive quality. But let the apprehensive one go, if he will, into the country and into the villages. There he will find more frequently the closer home relations maintained. If the skeptic still doubts, let him go, of an evening when darkness falls early, into the home of the progressive farmer in almost any section of the United States and pass a few hours in the family circle. There he would find what he sought and what he may have believed did not exist. There are millions of such spots in the length and breadth of the land. They are the strongest links in the chain that anchors a heedless and somewhat thoughtless people to the foundations upon which the enduring structure of which all should be proud has been built.

But the battle is not over. The powers of darkness are still waging an unremitting warfare against his stronghold. Printing presses are being operated night and day in an effort to spread the propaganda of discontent and disobedience. The home is the target at which all the darts and arrows of ignorance and vice are aimed. The conquest of the cities has not been so difficult. Where the mob spirit may be appealed to the incendiary laughs at the ease with which he inflames public opinion. But he stands amazed, but not discouraged, as he observes the fortitude and integrity of the people who have taken time to stop and think.

There is need that this stronghold of the homes be safeguarded and defended. With its capitulation there could not fail to come social and political chaos. Humanity takes pride in the modern devices which have been used to multiply careless pleasures and indulgences. The temptation has been to neglect, if not entirely to forget, the simple duties and amenities which testify to a realization of the consideration due others. It is not old-fashioned to be courteous, sincere, thoughtful and unselfish. It is not an indication of weakness to seek advice and counsel, or of foolishness to accept and act upon them. The home is the forum and theater of true civilization, the light of every civilization worthy of the name.—Christian Science Monitor.

The Dearborn Independent says, "Parties begin with idealists and end with politicians."

A Chicago woman has at last been arrested for disorderly conduct. She is charged with writing bad verse.

France has accepted thesuggestion for a re-estimate of Germany's ability to pay and a resurvey of the reparations question provided nothing is done to change anything that France has already decided upon.

The German mark dropped so rapidly recently that Berlin restaurants changed prices on their menu cards during meals and managers rushed from table to table changing tariffs before the guests were ready for their tickets. This is indeed unsatisfactory business and unsatisfactory eating as well. Think of a man hunting over a bill of fare for fifteen minutes trying to find something he could afford to eat and then to have the price raised while he is eating it.

Every party for a generation back has promised to do better things for the farmer and yet he will tell you that his position is now more unsatisfactory than ever. He is burdened with debt and the best thing the politicians have been able to prescribe for him is a plan to make it easy for him to get deeper in debt. After all the political panaceas are tied it will probably be found that there is no political cure for the dificulties of the farmer further than to protect his rights. The world has been undergoing a rapid process of change. Methods have been changing, business has been changing, farming is changing. We are in a period of national readjustment and when the farmer gets back into the easy path of prosperity and happiness, it is a ten to one bet that the farmer himself found the path and not the politician.

A "SQUARE DEAL" FOR AGRICULTURE

M. F. A. PREPARES TO START PRODUCERS5 CONTRACT.

TO MARKET EVERYTHING

Through 400 Local Elevators and Exchanges for a Period of Five Years.

Columbia, Missouri, November 1—The Missouri Farmers' Ass'n. announced today that it will shortly begin to inaugurate the Producers' Contract in the territory of its more than 400 Grain Elevators and Produce Exchanges in Missouri, as rapidly as a battery of picked fieldmen can get from one community to another. The following statement in this connection was given out by Howard A. Cowden, General Secretary of the Ass'n.: "Our determination to put the Producers' Contract into effect is in response to a resolution recently unanimously adopted by our State Convention at Sedalia, which was attended by 5,000 delegates and members from every nook and corner of Missouri—unquestionably the greatest farmer meeting ever held in the Corn Belt.

Under the provisions of this Contract the farmers of a community solemnly covenant for a period of five years to market all their merchantable grain, livestock, poultry and dairy products through our local Elevators and Exchanges and the Contract will not be put into effect until at least 75% of the farmers of a given county or trade center have 'signed up' and our chief objects may be stated as follows: first, to promote real team work between the farmers of a community in marketing farm products and thus to put an end to the old saying that 'the farmers won't stick;' second, to reduce the expense of marketing by giving the local Elevator or Exchange 75% or more of the local volume of business; third, to so completely dominate the local marketing of grain, livestock, poultry and dairy products that the local dealers will be forced to retire from the field. In other words, if the farmer is ever to have anything to say about what he is to receive for the fruits of his toil in the central markets, then we must first get control of such products at the point of origin—and once this control is in our hands, then we will be in position to dominate the central markets and thus compel the 'other fellow' to pay as big a dollar for our grain, livestock and produce as he now forces us to pay for merchandise, freight rates, etc. Generally speaking the Producers' Contract as adopted by the M. F. A. is exactly the same as the one which has been so successfully employed by the Orange growers of California during recent years and which during the last two years enabled the Burley Tobacco Growers' Ass'n. to realize $75,000,000 more for Burley tobacco than would have been possible under the old hit and miss system, under which the growers competed against each other in demoralizing the market. The only difference is that for the first time in the history of American Agriculture the M. F. A. is applying the Producers' Contract to grain, livestock, poultry and dairy products and it is no exaggeration to say that farmer leaders throughout the Nation are watching this momentous undertaking with profound interest. For instance, the U. S. Dep't. of Agriculture has placed its best marketing and legal experts at the disposal of the M. F. A. to the end that the Contract shall be successful,—and if the Contract 'delivers the goods' in Missouri, then it can be applied in all the other great farming states and hence the deep interest and hearty co-operation of the Washington officials.

We already operate nine Central Cold Storage Plants in different parts of Missouri, where our eggs and poultry are graded and shipped in carload lots to the central markets. In fact we handle a larger volume of poultry products than either Armour & Company or Swift & Company—and we have obtained this control during the last five years. We also operate our own Co-Operative Livestock Commission Companies at East St. Louis, Kansas City and St. Joseph and on January 1st we will refund to our members approximately $250,000 in excess commission charges. We also operate our own Co-Operative Grain Commission Company on the Merchants Exchange in St. Louis and thus it can be seen that we are already powerfully intrenched at the central markets. In the meantime, we will co-operate closely with the American Wheat Growers', Inc., and other sim-ilar Nation-wide marketing agencies—and hence it may be said that the M. F. A. is girding up its loins for a 'showdown'—for the dawn of a New Day in Agriculture under which the farmer will no longer be the 'under dog' in our economic structure. Our object is to force our membership to 120,000 by July 1st, 1924. To buy and sell together as the farmers of no state ever did before—this is the goal of the M. F. A. And in this undertaking we believe that we are entitled to the cordial support of not only every farmer in Missouri, but also of every banker and merchant, for a 'square deal' for the farmer means more bank deposits and more money to spend with the local store-keeper."

Harmony

Church Notes.

The revival services closed last Thursday evening with a crowded house and a splendid interest. In all more than thirty made the start in the Christian life, among them some of the most representative people of the community. The largest number came from the Sunday school, thus proving again that it is the recruiting ground of the church. Rev. J. C. Leonard of Keokuk, who did the preaching during the last week of the meeting delivered a series of wonderfully effective sermons and contributed in no small measure to the success of the meeting. Our people will always have a warm place in their hearts for Rev. Leonard. A free will offering, taken the last evening of services amounted to over one hundred dollars and this was but a slight expression of their regards for him.

In the regular service Sunday morning a number of the converts were baptized by sprinkling and in the afternoon there was a good attendance at the services in Ravenwood, where several were baptized by immersion.

John Edwards and wife, with their daughter, Ellen Francis, joined by letter Sunday morning.

The ordinance of baptism was administered by Rev. Underwood, who has labored incessantly for the success of the meeting.

Rev. Leonard returned to Keokuk on an early morning train last Friday.

The first quarterly conference will convene at the church Thursday evening. This will be preceded earlier in the week by the "Every Member Canvas."

Next Sunday morning a "Rally and Promotion Day" program will take the place of the regular preaching service. At this time promotions will be made based on age and advancement in the series of lessons. A special offering will be taken for S. S. work at the same time.

School.

First quarter examinations Thursday and Friday of this week.

Miss Vera Brown, who was taken to the hospital because of an attack of appendicitis, is recovering from the operation nicely. It is thought that she will be able to come home by Friday of this week. We hope to have her in school again soon.

Prin. Harold E. Sawyers attended the air races in St. Joseph last Saturday.

Our library has been enlarged by the addition of three handsome volumes of the Revised Statutes of the State of Missouri. This is through the courtesy of Senator LaFavor.

The basketball quintet journeyed to Parnell last Friday and played the fast Parnell boys. Our boys played a mighty good game, but not quite good enough to win. We lost to Parnell 15 to 20.

Tuesday night, Nov. 6, we give our benefit play, "Fun in a Chinese Laundry," at the church. Everyone is working hard to make it a success. If you want an evening of fun, be sure and not miss it.

Miss Lottie Hantze is custodian of the reading table this week.

A fine cement door step is a much needed improvement at Ward One, Casteel since last week and Ward Two Pioneer has one coming.

Miss Velda McCall, who had a foot badly injured by a horse stepping on it is back in school again.

We play the Ravenwood basketball quintet at this place Friday evening. Come and see the game.

Stanley Davis hauled out the lumber for the stage Saturday on which our play will be given next Tuesday.

Personals.

B. S. Cox and wife visited the last of the week with their daughter, Miss Hazel Cox, who is music supervisor of the public schools of Browning in Linn County. They left for that place Saturday and returned home Monday evening.

Miss Lottie Hantze was a Sunday visitor of the home of Miss Leatha Lawson.

Mr. and Mrs. J. R. Fisher and little son were visiting at the G. H. Null home Sunday.

Mr. and Mrs. John Green and family were dinner guests at the parsonage Sunday. Victor Strader and Leon Brown were present also.

Mr. and Mrs. Leonard Lynch and daughter, Juanita of Maryville were Sunday guests at the home of J. C. McMahon.

Mrs. J. C. McMahon and daughter, Eldora, Mrs. Lucy Blakeman and children, Lila and Curtis and George Tuttle motored to St. Joseph last Friday to do some shopping, returning Saturday.

Mrs. A. Lawson and daughters, Leatha and Lucile were trading in Ravenwood Saturday morning.

Miss Jennie and Eldora McMahon were dinner guests of Miss Lorene Simmons Sunday.

Orville Kelley had the misfortune to sprain his ankle again Sunday evening. He was first recovering from a former sprain received in our basketball game with Conception.

Doyle King and wife made a short visit at the home of A. Lawson Sunday evening.

Miss Dora Frampton spent Sunday with Clela Belle Frampton.

Return From Convention

Mrs. Ed G. Orear, Mrs. M. A. Peery and Mrs. Dan Baker returned last evening from Albany, where they attended the convention of the First district, Missouri Federation of Women's Clubs. Mrs. E. M. Platt of St. Joseph, who is district president, presided at the convention. There are sixty clubs in the first district, nine new clubs having affiliated in the last year. In this district not one club withdrew membership in the year and a larger number of new clubs joined the federation than in any other district. Mrs. Platt is given credit for this record.

There were sixty-four official delegates representing more than half the clubs in the district, and a large number of visiting delegates. Every district officer and department chairman was present. Among the state officers present was Mrs. A. A. Carey of Joplin, second vice president, and chairman of the endowment fund. Mrs. Carey and Mrs. Henry N. Ess of Kansas City, state president, are pioneers in Missouri federation work. The endowment fund was started seven years ago and now has a total of $5,000 with a goal of $25,000. It was decided at the Albany meeting to urge every clubwoman in the state, and there are 20,000, to give $1.00 toward this fund. If this is accomplished the fund will be raised entirely before the 1924 state convention, which would be an achievement in the administration of Mrs. Ess, who for many years has been chairman of the state scholarship fund, which now has $12,000 to its credit.

Mrs. Hallie Reynolds of the Skidmore Neighborly Club and Mrs. Lon Oakerson of the Skidmore Successful Club represented their clubs at the convention.

The 1925 convention will be held in Maryville.

Indiana Will Go Democratic, 'Tis Said

Washington, Oct. 31—Efforts of Republican general headquarters to localize the effects of the charges and proceedings against Governor Warren T. McCray of Indiana and thus prevent the involvement of national administration have not been successful. Already the Republicans of Indiana, including Postmaster General New and Senator Watson, have become embroiled and there are intimations that the President himself will ultimately have to choose between the factions.

Indiana's delegation to the Republican convention will be sought by the President and by the followers of any other presidential candidate who may be in the field next year. Senator Watson has been angling for this delegation and some of his intimates and lieutenants have suggested the propriety of instructing it for him as a "native son". Postmaster General New and the other Federal appointees, great and small, have been equally anxious to offer Mr. Coolidge a proof of their prowess in his behalf by making him a present of Indiana's votes in the convention.

But the exposure of Governor McCray's alleged misconduct with state funds—now undergoing scrutiny by a grandjury—and the collapse of several banks as a consequence of his financial entanglements have tended to discredit New and Watson, both of whom sponsored McCray when he was seeking the governorship in 1920. At the same time Governor McCray's backers and defenders are charging that the state Republican organization is trying to make him the "goat" in an endeavor to minimize the consequences to Republican candidates next year.

These members of the Governor's faction have sworn a vendetta against New and Watson and the State Committee. They are planning, it is reported, to defeat every attempt of either New or Watson to control the Indiana delegation to the national convention. If they fail in this, it is said, they will take revenge in some other way.

This preliminary struggle of Indiana Republican politicians to dominate the delegation and the battle that is expected to follow the failure of either contingent is what is regarded as certain to force President Coolidge's intervention.

Governor McCray's alleged administration and the statement of his political associates that he is the victim of the agricultural depression caused by the Republican national administration are hurting Republican chances outside of Indiana. The story of the investigation of the Governor's financial transactions and the explanation of his personal difficulties as the "greatest farmer in Indiana" have been spread all over the country. The result is that Indiana's loss to the Republican seems a foregone conclusion and at the same time the reaction against the party in other states is becoming more apparent daily.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Maryville people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

J. N. Bryan, retired farmer, 222 West Eleventh street, Maryville, says: "I was having trouble with my kidneys and I had an intense soreness through the small of my back, which caused great pain when I tried to bend or straighten quickly. My kidneys acted too frequently. I saw Doan's Kidney Pills advertised and I started to use them. I found great relief from the start and after using Doan's awhile I was cured. It has been some time since I have needed to use Doan's Kidney Pills so I know the benefit they gave me is lasting." (Statement given June 13, 1916.)

On March 31, 1920 Mr. Bryan said: "I am glad to say Doan's permanently cured me and I wish to confirm my former statement."

In Memoriam

Whereas, Divine Providence has called from our midst our beloved and faithful member, Mrs. Hartley, and whereas, her family has lost a kind, true, and devoted wife and mother, be it resolved: That the Mutual Improvement Circle extend to the bereaved family its sincere sympathy. Death has entered our Circle the first time, and while we feel our loss keenly, we realize that—

"She is not dead
Whom the Father has taken,
She is tenderly cared for
Not lost nor forsaken;
Sweetly she rests
Till the morning shall waken.
Happy is she
Whom the Father is keeping,
She has forgotten
The time of her weeping;
After sowing in tears
In joy she is reaping.
We who remain
Need not yield unto sorrow,
But think of her joy
And hope from her borrow.
Rest waits for us
And a fairer tomorrow."

Be it further resolved: That a copy of these resolutions be given the family of the deceased, that each of the city papers be furnished a copy for publication, and that said resolutions be spread upon the records of our Circle.

Respectfully submitted this 29th day of October 1923.

Mussolini Checked Spread of Radicalism

Syracuse Woman Says Italian is "Savior of His Country"—He is Highly Regarded by King

By CHESTER B. BAHN

International News Service Staff Correspondent

Syracuse, N. Y., Oct. 31—'Mussolini is the savior of Italy. If it had not been for him it would have been given over to the Reds long ago."

So declares Mrs. William Shankland Andrews, known to the public as Mary Raymond Shipmand Andrews, author of "The Perfect Tribute," and most recently the sketch, "The Voyage of the Sudden Death,' who has just returned to Syracuse after a brief trip to Europe.

"Among the better class of people Mussolini is much admired. Even King Victor Emanuel realized that he is a great power for good among the people," said Mrs. Andrews. An interesting light is shed upon him in the fact that he is seldom seen publicly. He lives in constant fear of being assassinated, and for that reason remains hidden in the country not far from Rome.

Visited the Pope

"Perhaps the most interesting of my experiences was an audience with the Pope. I found him a most charming man, perfectly simple in his manner and in the things he said. He spoke entirely in French. He seemed more like a polished, cultured gentleman entertaining in the privacy of his home than one of the greatest rulers in the world.

"He asked Judge Andrews his opinion of President Coolidge and expressed deep regret at the death of President Harding. We were fortunate enough to see the Pope in the privacy of his own study, which eliminated the stilted formality of the throne room.

Met Miss M'Cormick.

"I met Miss Muriel McCormick, daughter of Harold F. McCormick and granddaughter of John D. Rockefeller, who has just returned from Russia. Stories of the horrors of the Red rule are not at all exaggerated, according to Miss McCormick. Everywhere there is sickness, starvation and suffering. The unreality of it all must have been astounding. The picture of titled women digging in the street with a pickaxe and dressed in rich sables, a remnant of pre-war days, seems impossible, and that was actually seen by someone in their party.

"Petrograd is a deserted and dying city, but strangely enough Moscow is thronging with people. There is one encouraging feature when one remembers that a year ago taxi drivers and servants of all kinds would have refused to acknowledge the superiority of the upper classes in any way. That has changed, and today they are again striving for the patronage of the rich and more cultured people."

Fox Items

The A, B and C classes of the Fox school took the quarterly examinations Tuesday and Wednesday.

There were twelve pupils who were neither absent or tardy during the month of October. Two others only missed one-half of a day and several only missed one day.

Betty and Jack Schneider were absent from school the last part of last week on account of the death of their grandfather. They could not be present at the box supper that was held Friday night.

Miss Josephine Miller, a student of the S. T. C. spent the week end with Miss Opal Thompson.

The box and pie supper that was held at the Fox school Friday night was well attended. The house was decorated with orange and black paper draped from each of the corners to the front of the room and draped across the windows. A program was given which consisted of Halloween material. There were several jack-material. Jack-o-lanterns were lighted and put in different parts of the schoolroom. About $39 was taken in. Miss Ruth Rasco received the box of candy, Mr. Zell Thompson the bar of soap and Miss Mavis Groves and Orval Russel the jar of pickles.

Mr. and Mrs. Lee Rasco and family, Mr. and Mrs. Wit Bolin and family and Mr. and Mrs. Frank Maffitt and family spent Sunday afternoon at the home of Mr. and Mrs. Chriss Bowman.

Mr. and Mrs. Dan Craig and family spent Sunday afternoon with Lee Carden and family.

Mr. and Mrs. Homer Crain and son spent Sunday with Joe Drydales.

KIRKSVILLE MERCHANT INSURES AGAINST RAIN ON SATURDAY

A new wrinkle in insurance policies is being tried by at least one merchant in Kirksville who has taken out a policy which insures him $100 for every Saturday during the month of November providing it rains or snows between the hours of 11 o'clock in the morning and 5 o'clock in the afternoon says The Express.

The policy costs $8.75 for each Saturday or $35 for the month and the merchant believes that if the weather man keeps on providing the kind of weather he has lately he will be away ahead on the deal.

In order to receive the $100 insurance it must rain one-tenth of an ienh during the stipulated hours or snow one inch.

While it is common occurance for rain insurance to be taken out for celebrations and events of that kind, this is the first instance of a merchant taking out insurance which has come to the knowledge of the reporter.

The merchant conducts a large clothing store and figures that it will be a good investment even if he does not collect any insurance.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Why Mothers no longer fear Child-birth

AN eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives.

This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Mrs. Ida Milton, 108 N. Fremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my housework with all ease and without pain."

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and readjust themselves with the growing changes during pregnancy, and at child-birth. It should be used for some time before baby comes—the sooner the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid mere greases and useless substitutes. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

Rhondda Welsh Male Choir to Appear Here

Sixteen Noted Welsh Singers In Glee Club—Give Concert On December 12th at College

The renowned Rhondda Welsh male Glee Singers have been contracted by President Uel Lamkin of the College to present a program on December 12th, at the College auditorium. This is of the highest type of musical programs that is touring the country today and Maryville is extremely fortunate in securing the singers.

The Rhondda Welsh male Singers are picked from the annual contests held at the providence of Wales, sixteen best solo singers being picked from the many entries from the surrounding country. This same glee club made its first appearance in America in 1916 and since that time have continued their concert work with only one change of personel.

The president of the company is Viscountess Rhondda. J. Cosgroves is the booker of the company. Mr. Cosgroves said that he had no intentions of stopping off in Maryville until the St. Joseph Auto Club recommended to him Maryville as a 'cracking good town' and one that is interested in high class music. Maryville is the smallest town by several thousand population that the glee club singers will appear in on its tour.

Robert Hopkins is the lead singer of the group. Mr. Hopkins has been in concert work for seven years and has won 200 individual prizes over many contestants in his work.

The engagements which the singers will appear are as follows:

Kansas City, Independence, Womans Club, Ottawa, Emporia, Leavenworth, Atchison, St. Joseph, Maryville and Lincoln.

The press comments on the past engagements class the singing as undoubtedly one of the finest choirs that has ever toured America. Unusual volume and well blended voices make it on enjoyable musical treat for all.

Battery C Quintet Holds First Practice

Basketball Team Expects To Schedule From 10 to 12 Games This Season

The basketball squad of Battery C of the 128th Field Artillery had its first workout of the season at the College gymnasium last night. The full quota of the squad was not out in uniform last evening but seven men reported to Lieut. Ralph, the coach and manager. About ten Battery members will hold practice from now on three times a week during the basketball season.

Those who practiced last night are George Bartley, Cloys Appleby, Howell England, Earl Bratcher who has been elected captain, Walter Smith, Harold O'Banion and Harold Roelofson. All of these men have played on high school teams and some have been on the State Teachers College basketball squad in previous years.

It is expected that other men will come out for practice in the future in order to develop two teams. The Battery C team is now making arrangements to schedule from ten to twelve basketball games this year. Most of the games will be scheduled with town teams in Northwest Missouri and perhaps with some high school teams.

Walter Smith has been chosen secretary and treasurer for the organization. The positions on the team have not been decided as yet by the coach.
